13522	Fits Necks 12-17in
13523	Fits Necks 23-33in
13524	Fits Necks 16-24in

Features

- The Dog Training Harness has padded leg straps that distribute pressure underneath the dog's front legs to painlessly yet effectively prevent him from pulling on the leash.
- Once your dog has learned to walk on the leash without pulling, the harness can be converted to a standard collar. Simply remove the leg straps and attach leash to the D-rings on the back of the collar.

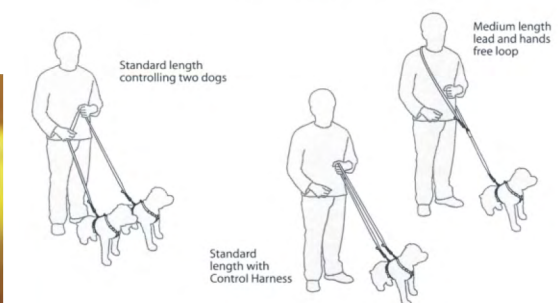

Features

- Can be used for walking two dogs
- Hangs -free walking or training:
The hands-free format is useful for both walking and training. If your dog is walking on your left, put your left hand and head through the lead loop.

Features

The ideal case would be to get your pet used to the pet feeder while you are present. After successful customization the first automatic pet feeding can take place. Cats especially often need a bit more time to accept the automatic pet feeder. Dogs should be watched during the first feeds as they might damage the automatic pet feeder start with the dispenser instead of the usual bowl during the normal feeding times.
