# NATURAL RUBBER DOG TOYS

NATURAL RUBBER  
RELIEVES ANXIETY  
TEETH CLEANING

- Reduce dog's destructive behavior
- This safe interactive dog toy can help your dog release stress and spend the boring time.

1. It is made of high-quality natural rubber material, which is safe and harmless, has a strong resistance to biting, and the indestructible material makes it very popular.
2. The shape of the bone makes almost all dogs fall in love with it. Unlike other products on the market, it is more interesting. The beefy taste makes it attractive to dogs and can train dogs' hunting ability.
3. It has the function of cleaning teeth. The protruding part of the surface of the bone toy is a well-designed effect. When the dog chews it, it can effectively clean the dirt in the dog's teeth, allowing the dog to grow up healthy.
4. It is large enough, so you don't have to worry about your dog accidentally swallowing it and causing danger. At the same time, it is also easy to clean, suitable for your dog to play indoors and outdoors.
5. It will become a bridge of friendship between you and your dog, increasing the fun of your company when you are with each other, suitable for most medium-sized dogs, large dogs, heavy dogs and so on.

## NATURAL RUBBER

Made of absolutely safe natural rubber. Its flexibility and bite resistance have been greatly improved. Long lasting support for large or heavy chewers.
