

HDPE PORTABLE TOILET

TO MAKE LIFE MORE ENJOYABLE AND SUSTAINABLE

Material Technology Co., Ltd

Material Technology Co., Ltd (hereinafter referred to as 'Material Technology Co., Ltd') is a wholly-owned subsidiary of Make Security Technology Co., Ltd. It has been dedicated to provide its customers with diversified, comprehensive and integrated solutions in the plastic products industry.

Material Technology Co., Ltd is a national high-tech enterprise integrating R&D, design, production and sales. It has three product lines including plastic lockers, plastic portable toilets and plastic sheds. Adopting advanced automatic production equipment and management mode, currently it has an injection molding workshop, a roto-molding workshop, a locker assembly line, a portable toilet assembly line and a plastic sheds assembly line.

As a manufacturer with independent R&D capability and professional R&D team, Material Technology Co., Ltd has submitted more than 130 patent applications and 90 of them has been authorized as patents right. Adhering to its corporate mission of "Making life more convenient and environmental friendly" Material Technology Co., Ltd has been providing multiple categories of plastic products for different fields and different groups of people.

With the support of its long-term and stable domestic and overseas partners, Material Technology Co., Ltd has established stable sales channels and service representative offices both at home and abroad to ensure quality pre-sales and after-sales service.

Material Technology Co., Ltd is striving to become a leader in the plastic furniture industry!

Factory

R&D Capability

Material Technology Co., Ltd has submitted more than 130 patent applications and 90 of them has been authorized as patents right.

Production

Production scope: Injection, rotomolding
Blow molding, vacuum forming
Strong OEM&ODM capability

Quality Assurance System

ISO9001:2015 Quality Management System
ISO14001:2015 Environment Management System
ISO45001:2018 Occupation Health Safety Management System

Reliability

Competitive factory price
Credit level AAA in Xiamen
Alibaba certification enterprise

is a technology and innovation-based enterprise specializing in R&D, design, production and sales of environmental friendly plastic portable toilets. toilet,making a better life!

Enterprise Culture

Enterprise Purpose

Our clients are satisfied with our products and our employees enjoy their work.

Business Philosophy

Constantly explore and innovate to make our enterprise ever-green.

Enterprise Values

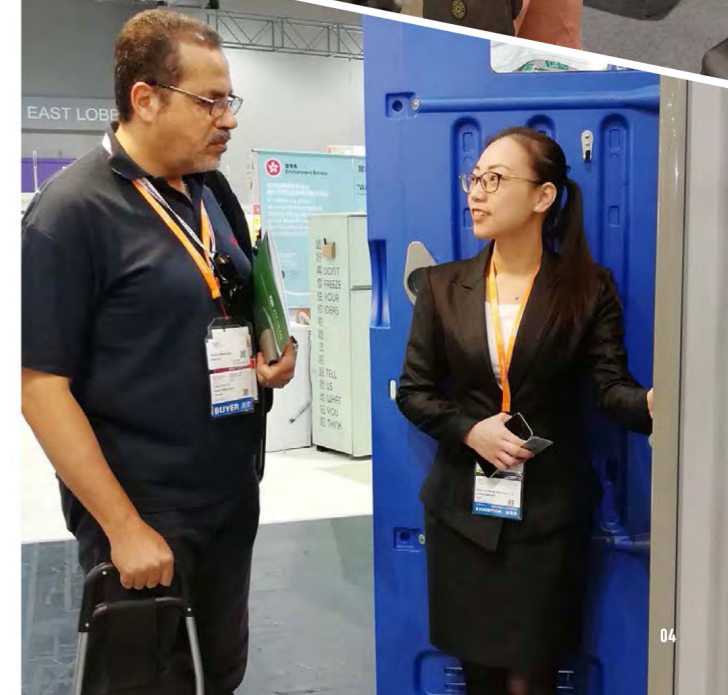

Clients first, Innovation, Teamwork, Integrity, Passion, Dedication.

Enterprise Mission

To provide people with more and more great plastic products.

Employment Concept

Commitment to results.
Moral-talents components.
Cultivate the talents.
Setting position according to the talents.

H01
HDPE Seated Portable Toilet

Size: 1150 x 1150 x 2300 mm

HDPE Portable Squat Toilet

M02

- TPT-M02 has three tanks: flush tank, waste tank and hand wash sink. Unique structure of the base combines flush tank and waste tank to save space.
- Hand wash sink can be used seperately. Without it, toilet also can be flushed.
- The water after washing hands can be stored in the flush tank. It realizes water recycling use and reduces the sewage discharge greatly.
