What do we do?

Established in 2004 while enjoying rapidly growth, is dedicated to provide gardening and household products for home improvement. Gardening items include fencing, panels, meshes, borders, log cabin and trellis, etc; with PP, PE and initiative designs, we also supply placemats, laundry baskets, storage boxes and shopping bags. Most of our products are hand woven and environment friendly. Reed and willow (reap annually natural materials) fencing products are our most competitive articles.

Our products core value or association sentence is "happiness at home, it's simple!"

For whom do we serve?

With our products, the consumers can easily get privacy, rustic beauty and, make home tidy. They are favored not only for their attractive outlook, but also for their quality price ration. Now, distributed by garden centers, big chain stores, our products have successfully penetrated in Europe, USA, Australia, Japan, and many other countries or areas, encompassing Reunion, Mauritius and Tahiti.

How do we excel?

Our office is located in Beijing, half hour car ride from the Capital Airport, 1.5 hours car road to reed production base, where we have 5 reed products factories guaranteeing the capacity of production in high season.

We have one willow factory located in Jining, Shandong province. It is the first and largest factory in this area.

Well educated and energetic, our team is customer-oriented. We assign our priority to our customers' satisfaction. Therefore, we attach our utmost importance to each link from the very beginning of first inquiry to the final sales of our clients.

Meanwhile, because we love this cause—natural products having features of attractive prices, safe and health, no pollution and recycle, we are ready to face challenges and have passion to perform with a winning attitude.

Our motto is Integrity, Persistence and Innovation.

Every season, we launch new items in new materials, new designs or new packages. Thanks for our efficient team work and customers loyalty, not only has been seeing the increase of sales, but also has been expanding our products and services.
