EARLOOP

Type IIR

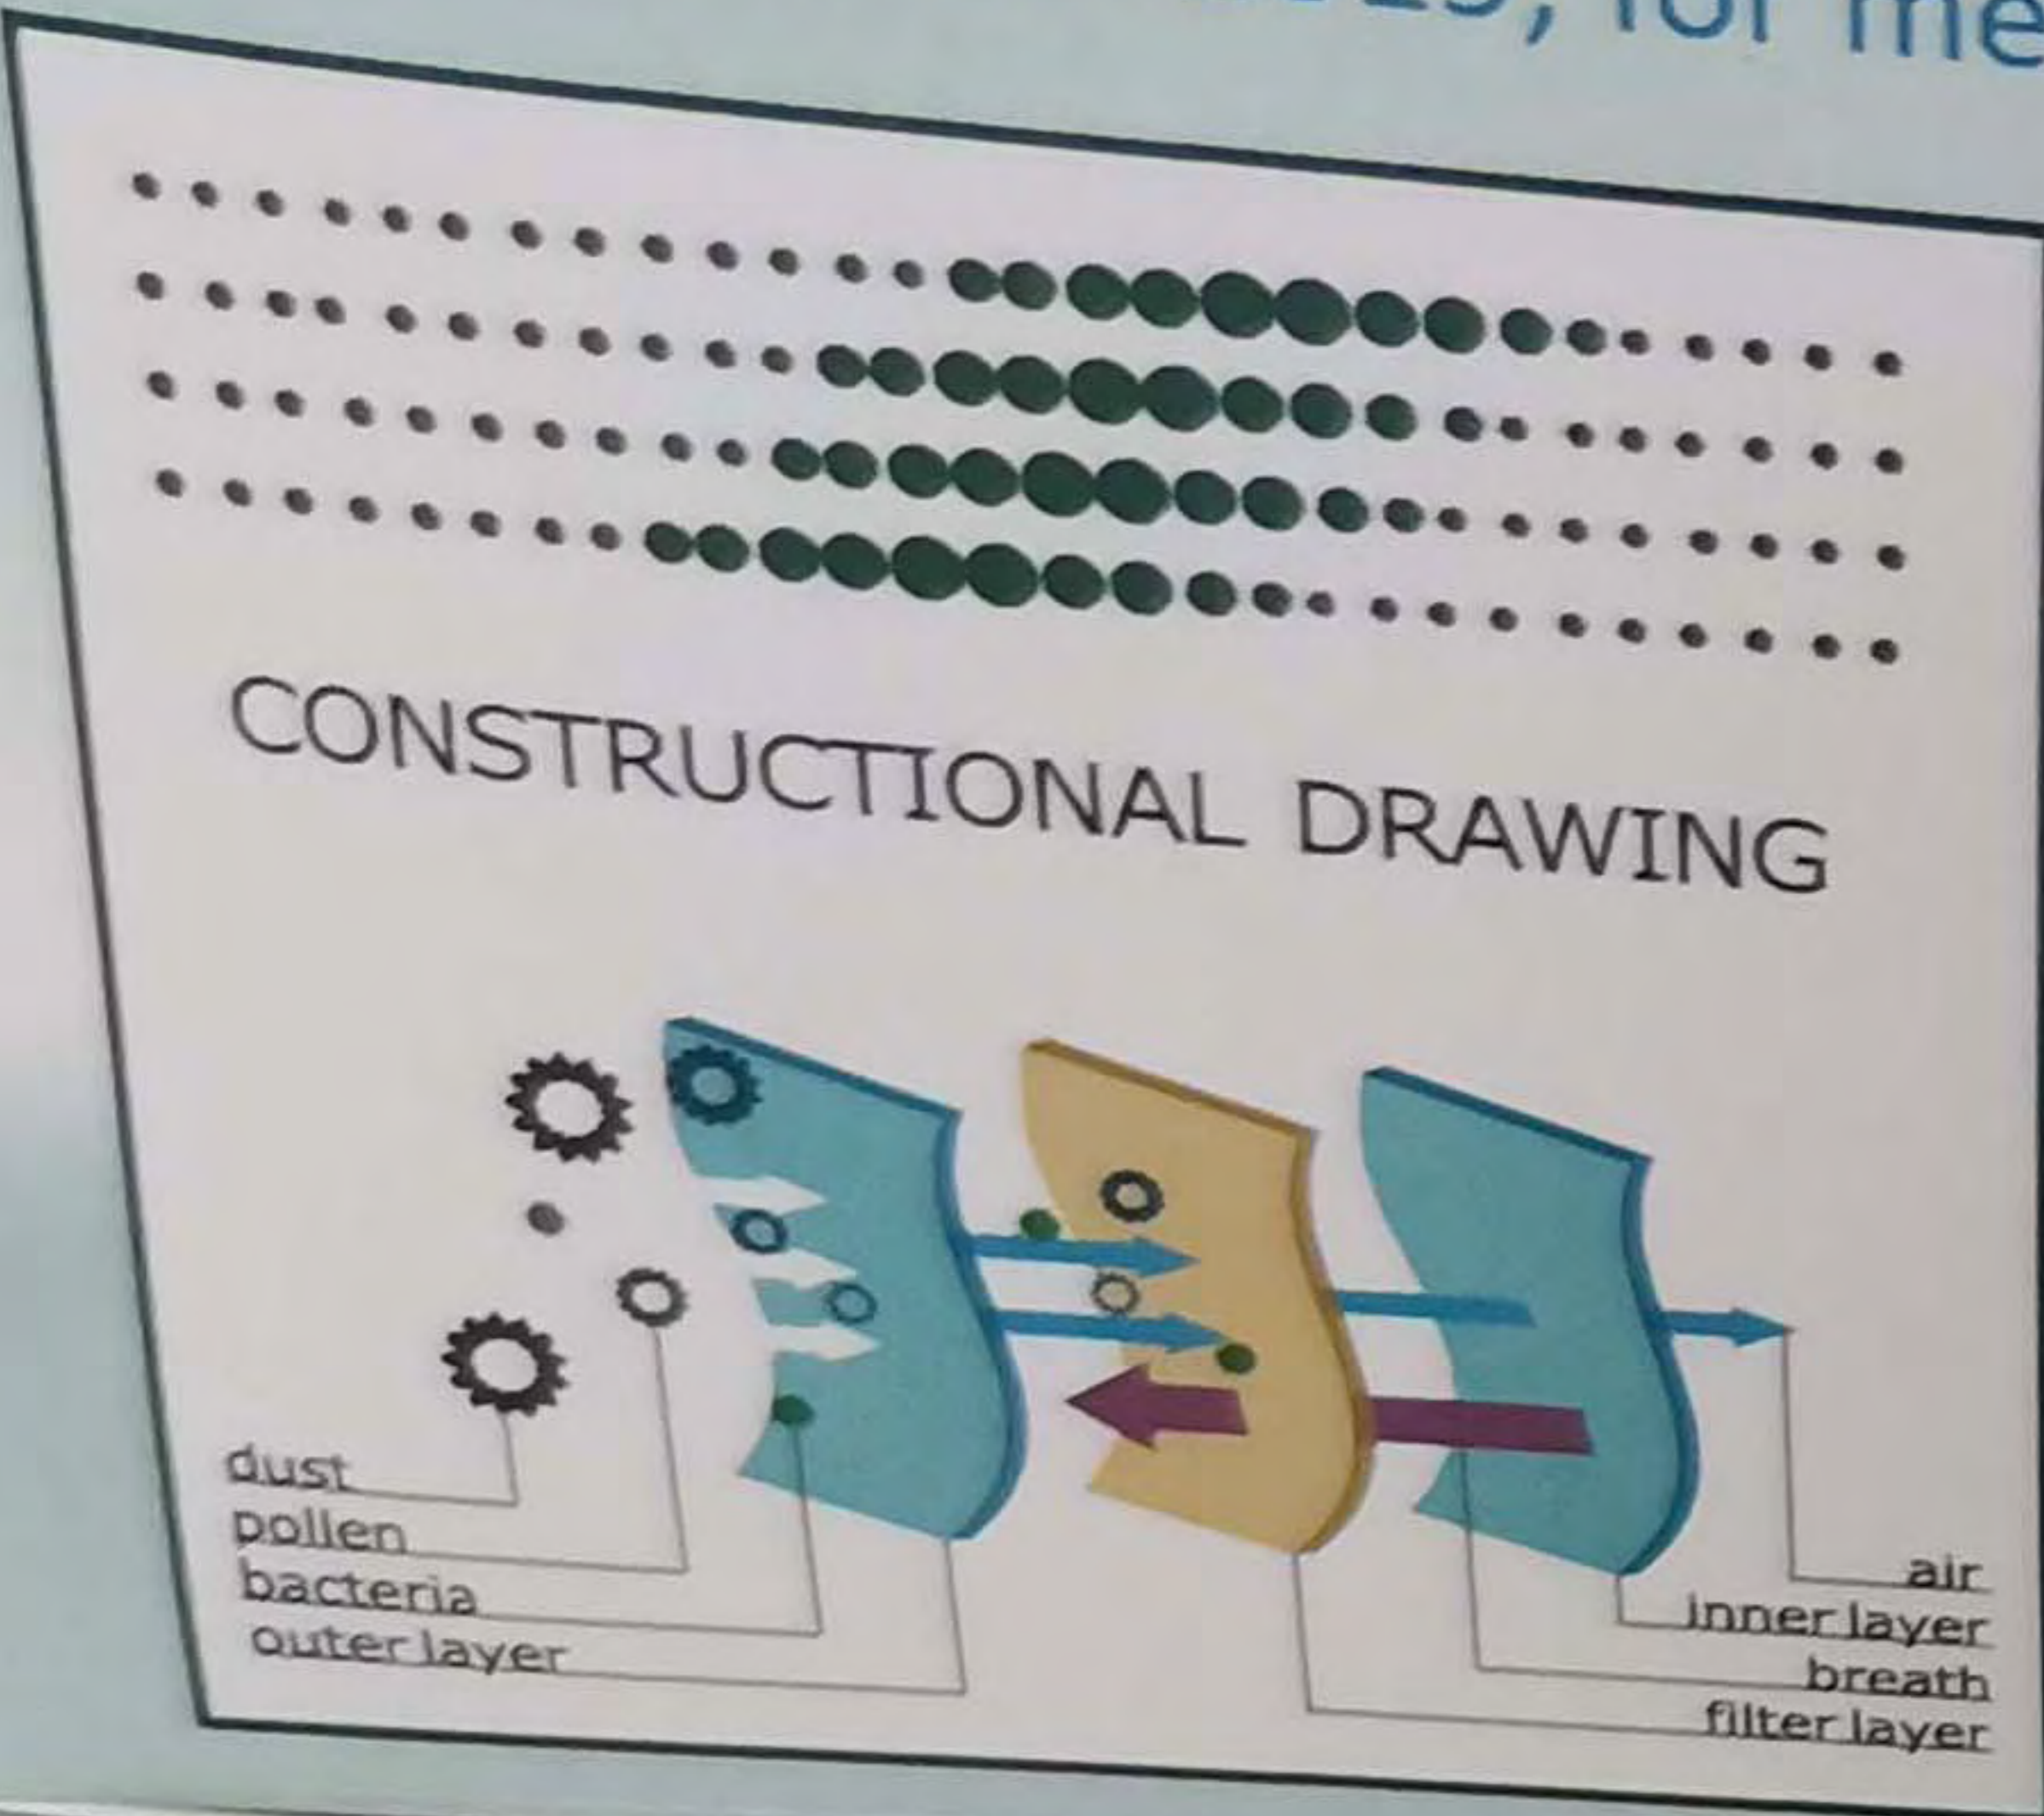

CE LATEX 2
MADE IN CHINA

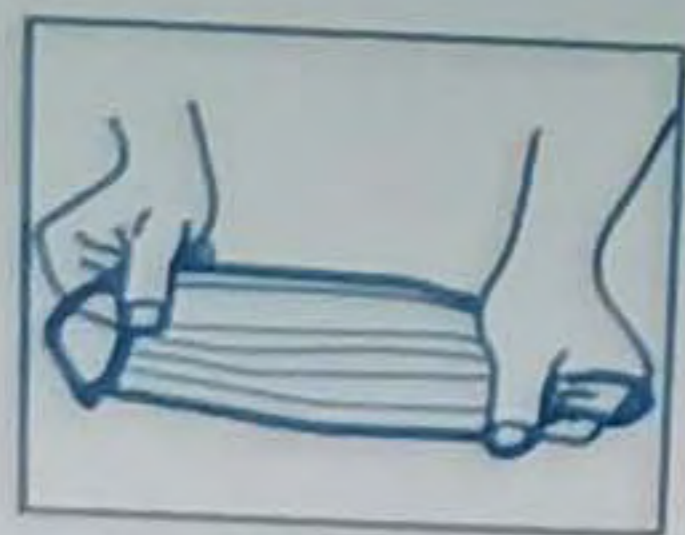

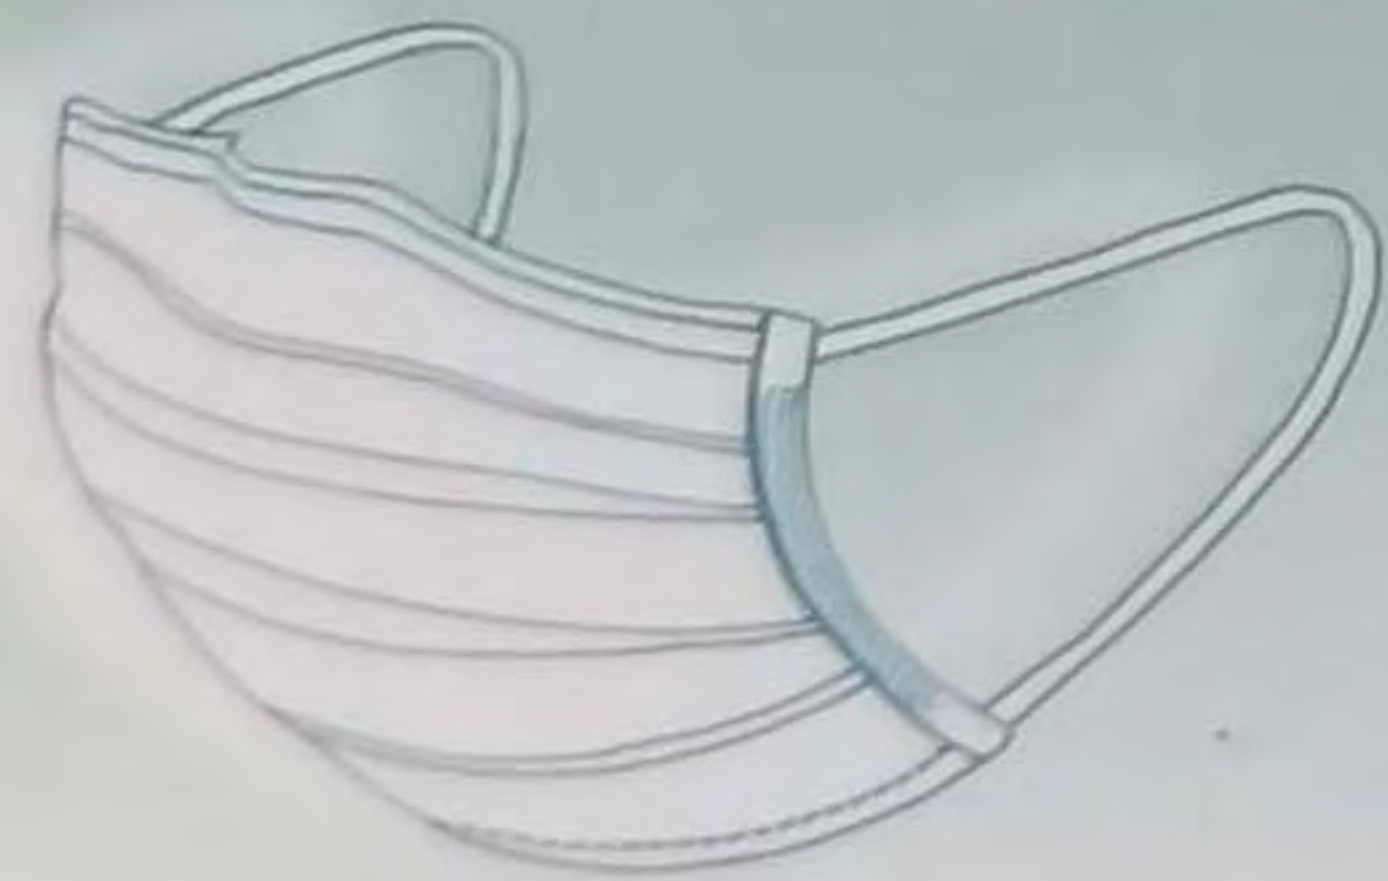

EC REP

Directions for Use:

- Wear colored side out, place loops over ears
- Adjust nosepiece for comfortable fit
- Pull pleats down below chin
- Meet EN14683: 2019, for medical use

Fitting Instruction

1. Open and hold the face mask on your hands

2. Place ear loop over ear, and extend mask above nostrils and below chin

3. Pinch nose piece to ensure snug fit

CAUTION: No mask completely eliminates the risk of fluid contamination. Dochem masks do not represent any protection against splash or spray. Do not use the mask around the face of the patient to be treated. Do not use the mask in the operating room or ICU in non-sterile areas.

ATENCIÓN: Ninguna máscara puede evitar por completo el riesgo de contaminación mediante salpicaduras o aerosoles. Dochem no garantiza protección contra salpicaduras o aerosoles. No utilizar la máscara en el entorno de la habitación del paciente a tratar. No utilizar la máscara en salas de operaciones o UCI en áreas no estériles.

ACHTUNG: Keine Maske kann das Risiko einer Kontamination durch Flüssigkeitsgespritzer völlig ausschließen. Dochem garantiert keinen Schutz vor Flüssigkeitsgespritzern. Verwenden Sie das Produkt nicht im Bereich des Patienten, den Sie behandeln. Verwenden Sie das Produkt nicht in OP-Sälen oder Intensivstationen.

NOTE: Any mask will not fully eliminate the risk of fluid contamination. Dochem masks do not represent any protection against splash or spray. Do not use the mask around the face of the patient to be treated. Do not use the mask in the operating room or ICU in non-sterile areas.

ATTENZIONE: Nessun mascherino può evitare completamente il rischio di contaminazione per schizzi o aerosol. Dochem non garantisce protezione contro schizzi o aerosol. Non utilizzare il mascherino in prossimità del paziente da curare. Non utilizzare il mascherino in sala operatoria o in UCI in aree non sterili.

ATTENZIONE: Nessun mascherino può evitare completamente il rischio di contaminazione per schizzi o aerosol. Dochem non garantisce protezione contro schizzi o aerosol. Non utilizzare il mascherino in prossimità del paziente da curare. Non utilizzare il mascherino in sala operatoria o in UCI in aree non sterili.
