BRIEF INTRODUCTION

Welcome to [REDACTED] Group. Established in 2001, we are committed to the improvement and further innovation of professional kitchen equipment. With dedication in product manufacturing, semi-product processing, product marketing and merchandises export, [REDACTED] has obtained ISO9001: 2000 quality system certification and developed competences in a wide range of world standard quality products, complete services and self-innovation. From mixers to ovens, cooking equipment to refrigeration, [REDACTED] is the answer for all your kitchen equipment requirements.

Our Commitment and Principles

A Passion For Professional Equipment

We are passionate about our each and every piece of our equipment. Our highly trained technicians are constantly working to develop new and more efficient systems and processes. All our machinery either meet or exceed international standards.

A long-term Approach For Our Products

Each product purchased from [REDACTED] comes with a long term commitment. We fully support all our machinery and back that up with warranties on all parts.

Dedication to Self-Innovation

We maintain flexibility to be able to adapt to variable conditions and an ever changing environment. Since the launch of [REDACTED], we have been continually developing new products, keeping up with the latest new techniques and trends to remain at the forefront of the industry.

Devotion to Customer Satisfaction

[REDACTED] values and respect our customer's needs and strives to exceed customer expectations. We provide aim to provide complete services in international trade to ensure complete satisfaction and convenience for each and every customer.

CLEANING

Multifunctional Burnisher

MOQ: 10 PCS

High speed polisher is designed by manual controlling. It is characteristic of its big power, quickness and effectiveness. It is very easy to operate, polishing at speed of 1500 RPM. Two capacitors and a built-in fan cooling motor with great power are installed inside the machine. It is adjustable to all kinds of floors and bricks, especially suitable for polishing the wax floor. The operation system enables it to move in all directions. The machine can move with freedom for a perfectly spotless floor and it offers longer wear and lower maintenance, while achieving a high gloss surface.
