

COMPANY INTRODUCTION

Co., Ltd was established in 1992, located in

We focusing on quality sleep and providing you with personality sleeping solutions. The reason why our founders start to do the mattress business is that he want to create a mattress for his parents to help them sleep better after one day's work.

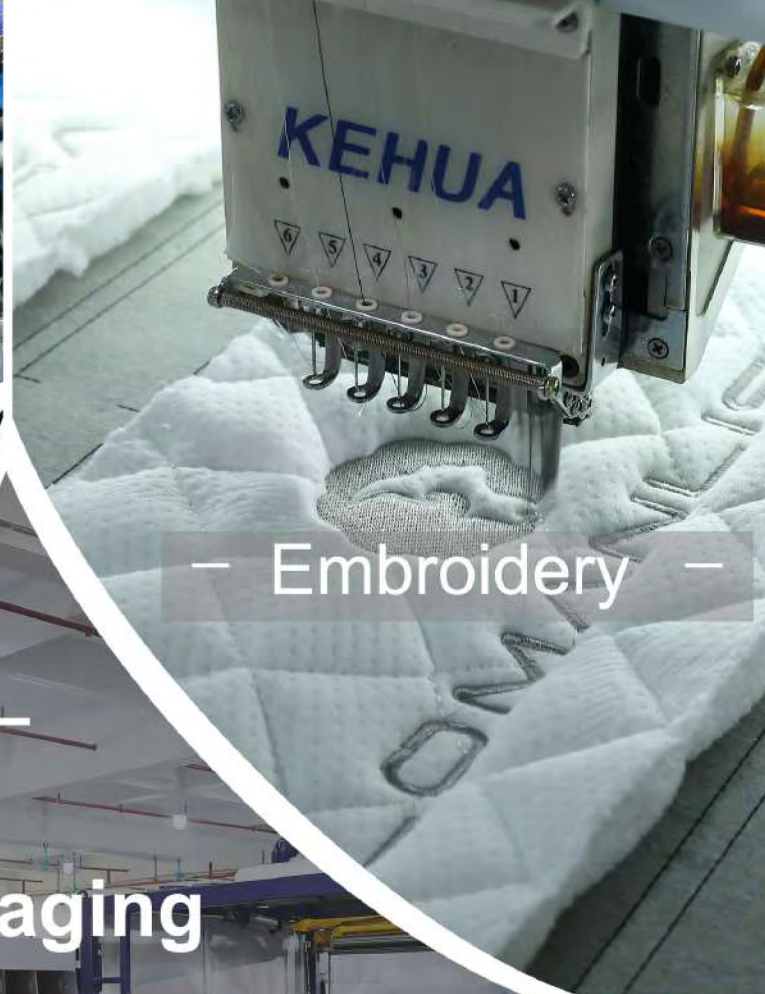

Base on this simple purpose, now we have been providing sleeping solutions for 108 countries and regions. In order to provide a quality sleep for more people all over the world, we invested more than 100 million RMB to build new plants and production lines for mattress in 2015.

We're with the times of AI development. Now we are building up the 4th Generation Digital Mattress Testing machine. The machine would have different pressure point when customer sleep on a mattress. It would show the customer for the most suitable mattress according to the comprehensive information assessment of that customer. It's been our mission to make sleeping better for everyone ever since.
