ABOUT US

Was founded in 1998, who specialized in designing and manufacturing custom Point of Purchase (POP) displays to our customers with creative, high-quality and cost-effective.

Our pop display stands open up a whole range of marketing opportunities for many products, such as: foods, Beverage, apparel, cosmetic, toys&games, electronics and Stationery.

Our Company has over 160,000 square feet of design, manufacturing, fulfillment and warehouse space, and operates the plant on shifts to meet the needs of the most demanding corrugated display projects.

We have structural and graphic designers with the experience and creativity to produce a unique display for your product.

Our manufacturing shop center is equipped with state-of-the-art equipment under one roof to ensure that what we produce meets or exceeds your expectations and industry standards.

We also are the supplier of those supermarket suppliers like Walmart Carrefour, Walgreen and Costco.

OUR MISSION

To be the best full service provider of cardboard display.
