

About us

Factory is Located in _____ city—a very historic place with splendid civilizations in China.

Our factory was built in 1995 and with a leading position in the glow-toy-making area. Being years of stable development, now it becomes a large company with more than 100 employees and covers the area of 13000 meters.

We are specialized in making fine chemical products, such as glow sticks, bracelet, necklace, toys and over 100 other specifications. All our products have been past the EN71 and ASTM test. Beside these, we also have 37 highly educated and experienced engineers and managers to ensure our excellent products. The annual production can reach to over 300,000,000 pcs, so we can easily fulfill your large orders in very soon time.

The products have been widely sold to both home and abroad, about 80% of which are exported to many countries and areas in the world. Such as America, England, France, Germany, Korea, Singapore, Australia, India, Arab states and so on.

Top quality goods, fine packages, fashion patterns, and first-class services, all of which made our products be good sellers in the world. If you are interested in marketing these products at your end, please tell us without any hesitate. We will provide the most suitable products for you.

Wish you enjoy our products.

All products have 2 years shelf life guarantee.
