Marquees +Tents

Within this booklet you'll find a guide to most of the tents that we currently offer. We're constantly adding to our inventory so if you're looking for something specific which you can't see listed, please drop us an email and we'll be happy to help.

Whether you're looking for an elegant marquee for a wedding or something a little more casual for a special celebration, the chances are that we have the right style and size of structure to meet your needs.

Our Sperry Pole/Sailcloth Marquees are light, bright, modular structures that will really showcase your venue thanks to their panoramic window walls. Our selection of innovative Nomad Stretch Tents offer a more relaxed environment in which to enjoy your event.

Our Capacity figures are based on each tent being used for Reception, Dining & Dancing. If you're keen to have a large reception area then work on the lower figure. Alternatively, if you just want a small bar area or perhaps no dancefloor, then the upper end of the scale would apply.

The Pitch Size figures relate to the ideal minimum area on which the marquee is to be built. It doesn't matter too much if the available plot is a little smaller, as long as there are flowerbeds or similar into which we can securely fix the anchorings.

All of our tents come with Dura Matting and a comprehensive Lighting Package included:

We also offer Free Site Visits and CAD Drawings in addition to our Complementary On-Site Event Day Support. Easily our most popular size. Elegant by day ...
